In addition, the scanned Region 7 COC and R7LIMS field sheets are attached to the above copy of the final R7LIMS data transmittal for ASR #8209. The Regional Laboratory will now retain all the electronic or original hardcopy documentation (e.g. COC[s] and the LIMS field sheet[s], etc) according to our ENST records management system.

Please complete the online ASR Sample/Data Disposition and Customer Satisfaction Survey for ASR #8209.

We look forward to hearing from you. It is critical that we receive your response in accordance to RCRA and the laboratory accreditation.
